

The puzzle is a 3x3 grid. The numbers in the cells are as follows:

1		7	2	1		5	9
	9				8		2
		8	5				
		6	9		1		5
2		6					8
8	6		5				7
	9	3	6	4			

The solution path is shown in black cells. The path starts at the top-left cell (1,1), goes right to (1,2), then down to (2,2), then right to (2,3), then down to (3,3), then left to (3,2), then up to (2,2), then left to (1,2), then up to (1,1). The path is a single continuous loop.
