

A 4x4 grid with numbers 1-9 and paths of circles and lines. The grid is divided into four 2x2 quadrants by a thick black cross. The numbers are placed in the following cells: (1,1)=1, (1,2)=8, (1,3)=6, (1,4)=1; (2,1)=5, (2,2)=3, (2,3)=4, (2,4)=5; (3,1)=3, (3,2)=1, (3,3)=7, (3,4)=8; (4,1)=9, (4,2)=5, (4,3)=3, (4,4)=4. The paths are as follows: (1,1) to (1,2) to (2,2) to (2,3) to (3,3) to (3,4) to (4,4); (1,2) to (2,2) to (2,3) to (3,3) to (3,4) to (4,4); (1,3) to (1,4) to (2,4) to (3,4) to (4,4); (1,4) to (2,4) to (3,4) to (4,4); (2,1) to (2,2) to (3,2) to (3,3) to (4,3) to (4,4); (2,2) to (2,3) to (3,3) to (3,4) to (4,4); (2,3) to (2,4) to (3,4) to (4,4); (3,1) to (3,2) to (3,3) to (4,3) to (4,4); (3,2) to (3,3) to (4,3) to (4,4); (3,3) to (3,4) to (4,4); (4,1) to (4,2) to (4,3) to (4,4); (4,2) to (4,3) to (4,4); (4,3) to (4,4).
