

A 9x9 grid with numbers and a continuous path. The numbers are placed in the following cells (row, column): (1,1)=9, (1,2)=5, (1,4)=5, (1,5)=2, (1,9)=6, (2,1)=5, (2,4)=4, (2,5)=6, (2,6)=9, (2,7)=1, (2,8)=5, (2,9)=2, (3,1)=6, (3,4)=8, (3,6)=3, (3,7)=8, (3,9)=2, (4,2)=2, (4,4)=1, (4,7)=3, (4,8)=6, (4,9)=1, (5,1)=1, (5,2)=9, (5,4)=4, (5,6)=2, (5,7)=6, (5,8)=3, (5,9)=6. The path is a continuous line of gray segments connecting the numbers in a specific sequence.
