

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,4)=7, (1,5)=8, (1,7)=7, (1,9)=4, (2,1)=7, (2,3)=8, (2,6)=2, (3,3)=3, (3,4)=2, (3,5)=1, (3,7)=6, (4,1)=6, (4,2)=4, (4,3)=9, (4,4)=3, (4,5)=8, (4,7)=3, (5,7)=9, (5,9)=1, (6,2)=3, (6,3)=7, (6,5)=2, (6,7)=4, (6,8)=6, (7,1)=9, (7,7)=7. A path of grey lines connects the numbers in the following order: 7 (1,4) -> 8 (1,5) -> 6 (2,3) -> 7 (1,7) -> 2 (2,6) -> 4 (1,9) -> 3 (2,3) -> 2 (3,4) -> 1 (3,5) -> 6 (3,7) -> 3 (4,7) -> 9 (4,4) -> 3 (4,4) -> 8 (4,5) -> 3 (4,7) -> 9 (5,7) -> 1 (5,9) -> 4 (6,7) -> 6 (6,8) -> 7 (7,7).
