

A 9x9 grid with numbers and a continuous line puzzle. The grid is divided into four quadrants by a vertical line between columns 4 and 5, and a horizontal line between rows 4 and 5. The numbers are placed in the following cells:

4				9				2
			8		3	6		
	1			4			8	
	3				6		7	
			1				6	
				7		8	9	
	8	3						
7		1	5					
				3		4		8

The continuous line puzzle is a single path that starts at the top-left corner (row 1, column 1) and ends at the bottom-right corner (row 9, column 9). The path is composed of horizontal, vertical, and diagonal segments. The path is shown in a light gray color, and the numbers are placed in the cells that the path visits.
