

A 5x5 grid with numbers and a path. The numbers are: Row 1: (1,1)=9, (1,2)=8, (1,4)=2, (1,5)=4; Row 2: (2,1)=5, (2,3)=1, (2,4)=8; Row 3: (3,1)=6, (3,2)=1, (3,3)=5, (3,4)=1, (3,5)=7; Row 4: (4,1)=1, (4,2)=3, (4,4)=9, (4,5)=2; Row 5: (5,1)=5, (5,2)=2, (5,4)=9, (5,5)=8. A path of gray lines connects the numbers in the following order: 8 (1,2) -> 5 (2,1) -> 1 (2,3) -> 8 (2,4) -> 2 (3,4) -> 1 (3,5) -> 7 (3,5) -> 2 (4,5) -> 8 (4,5) -> 9 (4,4) -> 4 (5,4) -> 9 (5,4) -> 1 (3,4) -> 5 (2,4) -> 8 (1,2).
