

A 9x9 grid with numbers and a path. The numbers are: Row 1: (1,1)=5, (4,1)=8, (5,1)=6, (6,1)=1, (8,1)=2; Row 2: (1,1)=8, (2,2)=6, (3,2)=7, (4,2)=4, (6,2)=9, (7,2)=1; Row 3: (1,1)=2, (2,2)=3, (4,2)=4, (8,3)=8; Row 4: (2,4)=8, (3,4)=6, (6,4)=6; Row 5: (6,5)=8; Row 6: (1,6)=7, (3,6)=5, (4,6)=1, (5,6)=3, (7,6)=8; Row 7: (3,7)=8. The path is a continuous line connecting the following cells: (4,1) to (5,1) to (5,2) to (6,2) to (6,3) to (7,3) to (7,4) to (8,4) to (8,5) to (8,6) to (7,6) to (6,6) to (6,7) to (5,7) to (5,8) to (4,8) to (4,9) to (3,9) to (3,8) to (2,8) to (2,7) to (1,7) to (1,6) to (1,5) to (1,4) to (1,3) to (1,2) to (1,1).
