

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=7, (1,4)=1, (1,9)=3, (2,2)=8, (2,5)=2, (2,6)=6, (2,9)=8, (3,1)=4, (3,2)=7, (3,3)=8, (3,6)=1, (3,7)=2, (4,1)=2, (4,3)=5, (4,5)=6, (4,6)=7, (4,9)=7, (5,1)=8, (5,2)=3, (5,7)=5, (5,9)=6. A path of gray lines connects the numbers in the following order: 7 (1,1) -> 8 (2,2) -> 4 (2,5) -> 1 (1,4) -> 6 (2,6) -> 1 (3,6) -> 2 (3,7) -> 7 (4,6) -> 5 (4,7) -> 3 (5,2) -> 8 (5,1) -> 4 (3,1) -> 7 (3,2) -> 8 (3,3) -> 2 (4,3) -> 5 (4,3) -> 6 (4,5) -> 7 (4,6) -> 9 (4,6) -> 2 (3,7) -> 6 (2,6) -> 1 (1,4) -> 8 (2,2) -> 7 (1,1).
