

A 9x9 grid with numbers and a path. The numbers are: Row 1: (1,1)=5, (7,1)=7, (8,1)=2; Row 2: (3,2)=3, (6,2)=8, (7,2)=1, (8,2)=5, (9,2)=3; Row 3: (1,3)=9, (4,3)=4, (5,3)=6, (8,3)=6, (9,3)=8; Row 4: (1,4)=7, (4,4)=4, (5,4)=6, (7,4)=3, (9,4)=2; Row 5: (4,5)=6; Row 6: (2,6)=7, (3,6)=2, (6,6)=5; Row 7: (7,7)=9, (8,7)=7, (9,7)=5; Row 8: (5,8)=1, (8,8)=4. A path of grey lines connects the numbers in the following order: 5 (1,1) -> 3 (3,2) -> 4 (4,3) -> 6 (5,3) -> 4 (4,4) -> 6 (5,4) -> 3 (7,4) -> 2 (9,4) -> 5 (9,2) -> 1 (7,2) -> 8 (6,2) -> 7 (7,1) -> 2 (8,1) -> 5 (9,7) -> 7 (8,7) -> 9 (7,7) -> 4 (8,8) -> 1 (5,8) -> 2 (3,6) -> 7 (2,6).
