

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,4)=2, (1,5)=7, (2,2)=2, (2,3)=7, (2,4)=3, (2,6)=1, (3,1)=9, (3,2)=1, (4,2)=9, (4,3)=4, (4,5)=2, (4,9)=7, (5,1)=1, (5,5)=5, (5,8)=4, (5,9)=8, (6,3)=8, (6,6)=3, (6,9)=5, (7,1)=3, (7,4)=7, (7,9)=9, (8,7)=8, (9,1)=2, (9,5)=9, (9,9)=3. A path of grey lines connects the numbers in the following order: 2 (1,4) -> 7 (1,5) -> 1 (2,6) -> 3 (2,4) -> 2 (4,5) -> 5 (5,5) -> 3 (6,6) -> 7 (7,4) -> 9 (9,5) -> 2 (9,1) -> 1 (3,2) -> 9 (4,2) -> 4 (4,3) -> 8 (6,3) -> 5 (6,9) -> 9 (7,9) -> 8 (8,7) -> 4 (5,8) -> 2 (4,5) -> 1 (3,2) -> 9 (3,1) -> 7 (1,5) -> 2 (1,4).
