

A 6x6 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=5, (1,3)=6, (1,5)=2, (2,1)=5, (2,3)=1, (2,5)=7, (2,6)=3, (3,2)=1, (3,4)=8, (3,5)=1, (3,6)=2, (4,1)=2, (4,2)=9, (4,3)=6, (4,4)=5, (4,5)=8, (4,6)=4. A path of grey lines connects the numbers in the following order: 5 (1,1) -> 6 (1,3) -> 8 (2,4) -> 6 (2,5) -> 1 (2,6) -> 3 (2,6) -> 7 (2,5) -> 3 (2,6) -> 8 (3,4) -> 1 (3,5) -> 1 (3,6) -> 2 (3,6) -> 2 (4,6) -> 4 (4,6) -> 8 (4,5) -> 5 (4,4) -> 3 (4,4) -> 5 (3,5) -> 1 (3,5) -> 8 (3,4) -> 1 (3,2) -> 9 (4,2) -> 2 (4,1).
