

A 6x6 grid with numbers and a path. The numbers are: Row 1: (1,1)=2, (1,2)=6, (1,5)=1, (1,6)=9, (1,7)=3, (1,8)=7; Row 2: (2,2)=2, (2,6)=8; Row 3: (3,2)=1, (3,5)=2; Row 4: (4,1)=5, (4,5)=7, (4,6)=2, (4,7)=9, (4,8)=1; Row 5: (5,2)=5, (5,5)=9, (5,7)=1, (5,8)=4; Row 6: (6,2)=3, (6,3)=4, (6,5)=6, (6,8)=2. A path of grey lines connects the numbers in the following order: 2 (1,1) -> 6 (1,2) -> 1 (2,6) -> 8 (2,7) -> 1 (3,2) -> 2 (3,5) -> 2 (4,6) -> 9 (4,7) -> 1 (4,8) -> 4 (5,8) -> 2 (6,8) -> 6 (6,5) -> 9 (5,5) -> 5 (5,2) -> 3 (6,2).
