

A 6x6 grid with numbers and a path. The numbers are placed in the following cells: (1,1)=5, (1,2)=6, (1,4)=2, (1,5)=4, (2,1)=8, (2,2)=5, (2,3)=4, (2,4)=5, (2,6)=9, (3,1)=2, (3,2)=5, (3,4)=3, (3,5)=6, (4,1)=3, (4,2)=1, (4,4)=4, (4,5)=3, (4,6)=6, (5,1)=8, (5,2)=1, (5,3)=7, (5,4)=6, (5,6)=1, (6,2)=9. A path of gray lines connects the numbers in the following order: 5 (1,1) -> 6 (1,2) -> 8 (2,1) -> 5 (2,2) -> 4 (2,3) -> 5 (2,4) -> 9 (2,6) -> 2 (3,1) -> 5 (3,2) -> 3 (3,4) -> 6 (3,5) -> 4 (4,4) -> 3 (4,5) -> 6 (4,6) -> 1 (5,2) -> 7 (5,3) -> 6 (5,4) -> 1 (5,6) -> 9 (6,2).
