

A 6x6 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,2)=6, (1,3)=7, (1,4)=2, (1,5)=1, (2,4)=8, (2,5)=6, (2,6)=1, (3,2)=3, (3,3)=4, (3,4)=9, (3,5)=6, (3,6)=2, (4,2)=3, (4,3)=1, (4,4)=4, (4,6)=2, (5,1)=7, (5,3)=3, (5,4)=8, (5,5)=9, (5,6)=7, (6,3)=8, (6,4)=7, (6,5)=6, (6,6)=5, (6,7)=3. A path of gray lines connects the numbers in the following order: 1 (1,5) -> 8 (2,5) -> 6 (2,6) -> 1 (3,6) -> 6 (3,5) -> 2 (3,6) -> 4 (4,4) -> 6 (5,5) -> 7 (5,6) -> 5 (6,6) -> 3 (6,7).
