

A 6x6 grid with numbers and a path. The numbers are: Row 1: (1,4)=4, (1,5)=9, (1,6)=2; Row 2: (2,3)=7, (2,4)=5, (2,6)=4; Row 3: (3,2)=3, (3,4)=6, (3,5)=2, (3,6)=5, (3,7)=8; Row 4: (4,2)=4, (4,5)=8, (4,6)=2, (4,7)=8; Row 5: (5,2)=1, (5,4)=4, (5,6)=7, (5,7)=3, (5,8)=9; Row 6: (6,1)=3, (6,2)=9, (6,3)=8, (6,5)=7. A path of gray lines connects the numbers in the following order: 4 (1,4) -> 5 (2,4) -> 6 (3,4) -> 2 (3,5) -> 8 (4,5) -> 2 (4,6) -> 8 (4,7) -> 7 (5,6) -> 3 (5,7) -> 9 (5,8) -> 8 (6,5) -> 7 (6,5) -> 4 (1,4).
