

A 6x6 grid with numbers 1-9 and a continuous path. The path starts at the top-left cell (1,1) with a 4, goes right to (1,2) with a 6, then down to (2,2) with a 2, then right to (2,3) with an 8, then down to (3,3) with a 1, then right to (3,4) with a 9, then down to (4,4) with a 4, then right to (4,5) with a 5, then down to (5,5) with a 2, then right to (5,6) with a 1, then down to (6,6) with a 3, then left to (6,5) with an 8, then up to (5,5) with a 9, then left to (5,4) with a 4, then up to (4,4) with an 8, then left to (4,3) with a 6, then up to (3,3) with an 8, then left to (3,2) with a 5, then up to (2,2) with a 6, then left to (2,1) with an 8, then down to (1,1) with a 4.
