

A 9x9 grid with numbers and a path. The grid is divided into three 3x3 sub-grids by thick black lines. The numbers are placed in the following cells (row, column): (1,1)=6, (1,3)=7, (1,6)=5, (1,8)=2, (2,2)=3, (2,3)=2, (2,5)=1, (2,9)=6, (3,5)=8, (4,1)=3, (4,2)=1, (4,4)=3, (4,5)=1, (4,8)=5, (5,1)=2, (5,2)=5, (5,4)=7, (5,6)=9, (5,8)=3, (6,2)=2, (6,8)=8, (7,1)=9, (7,4)=5, (7,5)=8, (7,9)=5. A path of gray lines connects the numbers in the following order: 6 (1,9) -> 2 (1,8) -> 8 (2,5) -> 1 (2,5) -> 1 (4,5) -> 9 (5,6) -> 3 (5,8) -> 8 (6,8) -> 5 (7,9) -> 8 (7,5) -> 5 (7,4) -> 2 (6,2) -> 1 (4,2) -> 3 (4,1) -> 5 (5,2) -> 2 (5,1) -> 6 (1,1).
