

A 6x6 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,2)=1, (1,4)=4, (1,5)=9, (1,6)=1, (2,1)=6, (2,3)=9, (2,4)=5, (2,5)=7, (3,2)=2, (3,3)=3, (3,4)=7, (3,6)=5, (4,2)=5, (4,3)=6, (4,4)=2, (4,5)=8, (4,6)=9, (5,1)=4, (5,2)=6, (5,4)=5, (5,5)=2. A path of gray lines connects the numbers in the following order: 1 (1,2) -> 4 (1,4) -> 9 (1,5) -> 1 (1,6) -> 7 (2,5) -> 5 (2,4) -> 3 (3,3) -> 6 (3,4) -> 2 (3,5) -> 8 (4,5) -> 2 (4,6) -> 5 (5,4) -> 6 (5,2) -> 4 (5,1).
