

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=2, (1,2)=7, (1,4)=4, (1,5)=6, (1,6)=1, (2,3)=5, (2,6)=3, (3,2)=4, (3,4)=7, (3,7)=3, (3,8)=6, (4,1)=6, (4,2)=1, (4,5)=4, (4,6)=3, (4,8)=4, (5,1)=3, (5,3)=4, (5,4)=5, (6,1)=3, (6,3)=9, (6,4)=2, (6,6)=8, (6,7)=3, (7,1)=3, (7,3)=9, (7,4)=2, (7,6)=8, (7,7)=3, (7,9)=4. The path is a continuous line of gray squares connecting the numbers in the following order: 2, 7, 5, 4, 7, 3, 6, 4, 1, 3, 6, 4, 5, 4, 3, 9, 2, 8, 3, 4.
