

A 6x6 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=8, (1,4)=2, (1,5)=5, (2,3)=8, (2,4)=6, (2,5)=7, (3,1)=7, (3,3)=3, (3,4)=5, (3,5)=7, (4,1)=9, (4,3)=8, (4,4)=2, (4,6)=8, (5,1)=3, (5,2)=6, (5,3)=2, (5,5)=7, (5,6)=3, (6,1)=5, (6,2)=9, (6,5)=8, (6,6)=1. A path of grey lines connects the numbers in the following order: 8 (1,1) -> 3 (3,3) -> 5 (3,4) -> 8 (2,3) -> 6 (2,4) -> 7 (2,5) -> 3 (3,5) -> 7 (3,6) -> 8 (4,6) -> 2 (4,4) -> 8 (4,3) -> 5 (3,4) -> 9 (4,1) -> 7 (3,1) -> 8 (1,1).
