

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=8, (1,2)=3, (1,4)=8, (1,5)=2, (1,6)=3, (1,8)=1, (2,1)=8, (2,2)=3, (2,5)=9, (2,6)=3, (3,1)=8, (3,2)=3, (3,5)=5, (3,6)=7, (3,7)=3, (3,8)=9, (3,9)=4, (4,1)=1, (4,2)=3, (4,5)=6, (4,6)=9, (5,1)=1, (5,2)=3, (5,4)=6, (5,5)=5, (5,7)=1, (6,1)=3, (6,2)=6, (6,4)=6, (6,5)=8, (6,6)=2, (6,8)=1, (7,1)=9, (7,2)=5, (7,4)=6, (7,5)=8, (7,6)=2, (7,8)=1.

The path is a continuous line of gray cells. It starts at (1,5), goes to (1,6), (2,6), (2,7), (3,7), (3,8), (4,8), (4,9), (5,9), (5,8), (6,8), (6,7), (6,6), (6,5), (6,4), (6,3), (6,2), (6,1), (5,1), (5,2), (5,3), (5,4), (5,5), (5,6), (5,7), (5,8), (5,9), (4,9), (4,8), (4,7), (4,6), (4,5), (4,4), (4,3), (4,2), (4,1), (3,1), (3,2), (3,3), (3,4), (3,5), (3,6), (3,7), (3,8), (3,9), (2,9), (2,8), (2,7), (2,6), (2,5), (2,4), (2,3), (2,2), (2,1), (1,1), (1,2), (1,3), (1,4), (1,5).
