

A 9x9 grid with numbers and a path. The numbers are: Row 1: (1,6)=9, (1,7)=4, (1,8)=7, (1,9)=8; Row 2: (2,2)=1, (2,3)=7, (2,4)=4, (2,5)=8, (2,8)=9, (2,9)=1; Row 3: (3,1)=9, (3,5)=9, (3,6)=8, (3,7)=5, (3,8)=6; Row 4: (4,1)=1, (4,2)=8, (4,3)=6, (4,5)=6, (4,8)=3, (4,9)=9; Row 5: (5,1)=8, (5,2)=3, (5,4)=9, (5,6)=7. A path of grey lines connects the numbers in the following order: 1 (2,2) -> 4 (2,4) -> 8 (2,5) -> 9 (3,5) -> 6 (3,6) -> 5 (3,7) -> 6 (3,8) -> 3 (4,8) -> 9 (4,9) -> 7 (5,6) -> 9 (4,5) -> 8 (2,5) -> 4 (2,4) -> 1 (2,2).
