

A 9x9 grid representing a 3x3 grid of 3x3 sub-grids. The grid contains numbers 1-9 in some cells and dots in others. The numbers are placed in the top-left, top-right, and bottom-right corners of each 3x3 sub-grid. The dots are placed in the remaining cells of each sub-grid. The numbers are: (1,1)=4, (1,2)=7, (1,3)=1, (1,4)=2, (1,5)=1, (1,6)=3, (1,7)=6, (1,8)=4, (1,9)=1; (2,1)=3, (2,2)=6, (2,3)=9, (2,4)=5, (2,5)=1, (2,6)=8, (2,7)=3, (2,8)=2, (2,9)=5; (3,1)=2, (3,2)=3, (3,3)=4, (3,4)=1, (3,5)=3, (3,6)=4, (3,7)=5, (3,8)=2, (3,9)=5. The dots are placed in the remaining cells of each 3x3 sub-grid.
