

A 10x10 grid with a black path and a red starting point. The path starts at the red dot in the 2nd row, 3rd column and proceeds through the following sequence of cells: (2,3) -> (2,4) -> (2,5) -> (2,6) -> (2,7) -> (2,8) -> (2,9) -> (2,10) -> (3,10) -> (3,9) -> (3,8) -> (3,7) -> (3,6) -> (3,5) -> (3,4) -> (3,3) -> (3,2) -> (3,1) -> (4,1) -> (4,2) -> (4,3) -> (4,4) -> (4,5) -> (4,6) -> (4,7) -> (4,8) -> (4,9) -> (4,10) -> (5,10) -> (5,9) -> (5,8) -> (5,7) -> (5,6) -> (5,5) -> (5,4) -> (5,3) -> (5,2) -> (5,1) -> (6,1) -> (6,2) -> (6,3) -> (6,4) -> (6,5) -> (6,6) -> (6,7) -> (6,8) -> (6,9) -> (6,10) -> (7,10) -> (7,9) -> (7,8) -> (7,7) -> (7,6) -> (7,5) -> (7,4) -> (7,3) -> (7,2) -> (7,1) -> (8,1) -> (8,2) -> (8,3) -> (8,4) -> (8,5) -> (8,6) -> (8,7) -> (8,8) -> (8,9) -> (8,10) -> (9,10) -> (9,9) -> (9,8) -> (9,7) -> (9,6) -> (9,5) -> (9,4) -> (9,3) -> (9,2) -> (9,1) -> (10,1) -> (10,2) -> (10,3) -> (10,4) -> (10,5) -> (10,6) -> (10,7) -> (10,8) -> (10,9) -> (10,10). The path ends at (10,10).
