

The image shows a 10x10 grid. A thick black path starts at the top-left corner (0,0) and winds through the grid, ending at the bottom-right corner (9,9). The path is composed of horizontal and vertical segments. The area to the right of the path, from column 5 to column 9, is shaded light gray. The path itself is 1 unit wide and follows a complex route that covers most of the grid's area.
