

A 10x10 grid with a black path of 20 squares and 80 white squares. The path is a single continuous line that visits every square exactly once, forming a Hamiltonian path. The path starts at the top-left corner (row 1, column 1) and ends at the bottom-right corner (row 10, column 10). The path is composed of 20 squares, and the remaining 80 squares are white.
