

A 10x10 grid with a complex black path. The path starts at a red dot at (1,1) and ends at a red dot at (10,10). The path is composed of thick black lines that form a continuous, non-intersecting loop. The grid is divided into 100 squares by thin gray lines. The path is drawn with thick black lines, and the starting and ending points are marked with red dots.
