

The grid is a 4x4 square divided into four 2x2 quadrants by a thick vertical line and a thick horizontal line. The numbers in the grid are as follows:

		5	3	6			8
2		8			1		
	2	1		4	3		
	3	7	6		6		5
1							2
			2		8		6
8	5	3	7				

The path of diamonds is highlighted with a thick gray line. The path starts at the diamond in the top-left quadrant (row 2, column 1), moves right to the diamond in the top-right quadrant (row 2, column 4), then down to the diamond in the bottom-right quadrant (row 3, column 6), then left to the diamond in the bottom-left quadrant (row 3, column 3), then up to the diamond in the top-left quadrant (row 4, column 1), then right to the diamond in the top-right quadrant (row 4, column 4), then down to the diamond in the bottom-right quadrant (row 4, column 6), then left to the diamond in the bottom-left quadrant (row 4, column 3), then up to the diamond in the top-left quadrant (row 4, column 1), and finally right to the diamond in the top-right quadrant (row 4, column 4).
