

The image shows a 10x10 grid. A thick black path starts at the bottom-left corner (row 10, column 1) and winds its way through the grid, ending at the top-right corner (row 1, column 10). The path is composed of horizontal and vertical segments. The area to the right of the path, specifically in columns 6 through 10, is shaded light gray. The path itself is 1 unit thick and occupies a total area of 20 units by 10 units.
