

A 6x6 grid with numbers and a path. The numbers are: Row 1: (1,1)=2, (1,3)=4, (1,6)=8; Row 2: (2,3)=8, (2,4)=1, (2,6)=2; Row 3: (3,1)=3, (3,3)=9, (3,5)=2, (3,6)=8; Row 4: (4,1)=9, (4,2)=2, (4,3)=5, (4,4)=3, (4,5)=1, (4,6)=4; Row 5: (5,1)=2, (5,3)=8, (5,4)=8, (5,5)=4, (5,6)=5; Row 6: (6,3)=5, (6,4)=6, (6,5)=1. A path of gray lines connects the numbers in the following order: 2 (1,1) -> 4 (1,3) -> 8 (2,3) -> 1 (2,4) -> 2 (2,6) -> 8 (3,6) -> 1 (4,5) -> 3 (4,4) -> 5 (4,3) -> 9 (3,3) -> 3 (3,1) -> 9 (5,1) -> 2 (5,2) -> 8 (5,3) -> 5 (6,3) -> 6 (5,4) -> 8 (5,4) -> 4 (5,5) -> 5 (5,6) -> 1 (6,5).
