

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=5, (1,4)=7, (1,5)=4, (1,8)=9, (1,9)=4, (2,2)=9, (2,3)=4, (2,4)=6, (2,7)=3, (2,8)=5, (3,2)=8, (3,3)=7, (3,5)=5, (3,6)=7, (4,1)=4, (4,2)=7, (4,4)=1, (4,7)=4, (4,8)=2, (4,9)=3, (5,2)=2, (5,5)=8, (5,7)=1. A path of grey lines connects the numbers in the following order: 5 (1,1) -> 7 (1,4) -> 4 (1,5) -> 9 (1,8) -> 5 (2,8) -> 3 (2,7) -> 7 (3,6) -> 2 (4,8) -> 3 (4,9) -> 1 (5,7) -> 8 (5,5) -> 2 (4,4) -> 1 (4,5) -> 7 (3,6) -> 5 (3,5) -> 8 (3,2) -> 7 (4,2) -> 4 (4,1) -> 9 (2,2) -> 4 (2,3) -> 6 (2,4) -> 7 (3,3) -> 8 (3,2).
