

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=2, (1,4)=9, (1,5)=3, (1,6)=7, (1,9)=2, (2,2)=5, (2,3)=4, (2,4)=9, (2,7)=8, (3,2)=2, (3,4)=2, (3,5)=6, (3,6)=9, (3,7)=3, (3,8)=3, (4,1)=1, (4,2)=9, (4,4)=2, (4,5)=8, (4,6)=6, (4,7)=6, (4,8)=6, (5,4)=9, (5,5)=4, (5,7)=2, (5,8)=7, (6,4)=8, (6,7)=4, (6,9)=3. A path of gray lines connects the numbers in the following order: 2 (1,1) -> 5 (2,2) -> 4 (2,3) -> 9 (2,4) -> 2 (3,2) -> 2 (3,4) -> 6 (3,5) -> 9 (3,6) -> 8 (2,7) -> 3 (3,7) -> 3 (3,8) -> 6 (4,7) -> 6 (4,8) -> 7 (5,8) -> 2 (5,7) -> 4 (6,7) -> 3 (6,9) -> 8 (6,4) -> 9 (5,4) -> 4 (5,5) -> 2 (4,4) -> 9 (4,2) -> 1 (4,1) -> 2 (1,1).
