

A 9x9 grid with numbers and grey lines. The numbers are placed in the following cells (row, column): (1,6)=1, (1,7)=2, (1,9)=6, (2,2)=2, (2,3)=6, (2,5)=9, (2,6)=2, (2,7)=4, (2,8)=8, (3,1)=2, (3,2)=6, (3,5)=6, (3,6)=5, (3,9)=2, (4,3)=6, (4,4)=2, (4,6)=3, (4,7)=9, (4,8)=5, (4,9)=4, (5,1)=8, (5,3)=2, (5,6)=6, (5,7)=3, (5,8)=6, (5,9)=3, (6,2)=9, (6,4)=3, (6,5)=1, (6,6)=2, (6,8)=8.

The grey lines form a continuous path that starts at (1,3), goes to (1,4), (2,4), (2,5), (2,6), (2,7), (2,8), (3,8), (3,9), (4,9), (4,8), (4,7), (4,6), (4,5), (4,4), (4,3), (4,2), (4,1), (5,1), (5,2), (5,3), (5,4), (5,5), (5,6), (5,7), (5,8), (5,9), (6,9), (6,8), (6,7), (6,6), (6,5), (6,4), (6,3), (6,2), (6,1), (7,1), (7,2), (7,3), (7,4), (7,5), (7,6), (7,7), (7,8), (7,9), (8,9), (8,8), (8,7), (8,6), (8,5), (8,4), (8,3), (8,2), (8,1), (9,1), (9,2), (9,3), (9,4), (9,5), (9,6), (9,7), (9,8), (9,9).
