

A 6x6 grid with numbers and grey shapes. The numbers are: Row 1: (1,1)=4, (1,3)=1, (1,5)=8, (1,6)=9; Row 2: (2,6)=8; Row 3: (3,1)=1, (3,3)=2, (3,5)=7, (3,6)=7; Row 4: (4,2)=5, (4,3)=7, (4,5)=6; Row 5: (5,1)=2, (5,2)=9, (5,5)=1; Row 6: (6,1)=6, (6,2)=2, (6,3)=9, (6,5)=7, (6,6)=5. The grey shapes are: a vertical line at (1,1), a horizontal line at (1,3), a vertical line at (1,5), a horizontal line at (1,6), a vertical line at (2,6), a horizontal line at (2,6), a vertical line at (3,1), a horizontal line at (3,1), a vertical line at (3,3), a horizontal line at (3,3), a vertical line at (3,5), a horizontal line at (3,5), a vertical line at (3,6), a horizontal line at (3,6), a vertical line at (4,2), a horizontal line at (4,2), a vertical line at (4,3), a horizontal line at (4,3), a vertical line at (4,5), a horizontal line at (4,5), a vertical line at (4,6), a horizontal line at (4,6), a vertical line at (5,1), a horizontal line at (5,1), a vertical line at (5,2), a horizontal line at (5,2), a vertical line at (5,3), a horizontal line at (5,3), a vertical line at (5,5), a horizontal line at (5,5), a vertical line at (5,6), a horizontal line at (5,6), a vertical line at (6,2), a horizontal line at (6,2), a vertical line at (6,3), a horizontal line at (6,3), a vertical line at (6,5), a horizontal line at (6,5), a vertical line at (6,6), a horizontal line at (6,6).
