

A 6x6 grid with numbers and paths. The numbers are placed in the following cells (row, column): (1,1)=7, (1,2)=4, (1,3)=6, (1,4)=2, (1,5)=8, (1,6)=1; (2,1)=6, (2,2)=2, (2,3)=8, (2,4)=9, (2,5)=4, (2,6)=9; (3,1)=6, (3,2)=9, (3,3)=2, (3,4)=5, (3,5)=7, (3,6)=4; (4,1)=2, (4,2)=5, (4,3)=7, (4,4)=9, (4,5)=2, (4,6)=5; (5,1)=7, (5,2)=4, (5,3)=6, (5,4)=7, (5,5)=9, (5,6)=4; (6,1)=4, (6,2)=6, (6,3)=6, (6,4)=7, (6,5)=9, (6,6)=4. The paths are composed of horizontal and vertical line segments connecting the numbers. Some cells contain a grey circle.
