

A 6x6 grid with numbers and grey circles connected by lines. The grid is divided into four 3x3 quadrants by a vertical line between columns 3 and 4, and a horizontal line between rows 3 and 4.

3		5	6	2	8
		1		3	
4	9				

Grey circles are located at the following coordinates (row, column): (1,2), (2,1), (3,5), (4,1), (4,4), (5,1), (5,6), (6,2), (6,5), (6,6). Lines connect the circles as follows: (1,2) to (2,2); (2,1) to (2,2); (3,5) to (3,6); (3,5) to (4,5); (4,1) to (4,2); (4,1) to (5,1); (4,4) to (4,5); (4,4) to (5,4); (5,1) to (5,2); (5,1) to (6,1); (5,6) to (5,5); (5,6) to (6,6); (6,2) to (6,3); (6,2) to (6,4); (6,5) to (6,6); (6,6) to (6,5).
