

A 6x6 grid puzzle. The grid contains numbers and grey shapes. The numbers are: Row 1: (1,1)=9, (1,4)=4, (1,5)=8, (1,6)=2; Row 2: (2,1)=2, (2,4)=5; Row 3: (3,1)=7, (3,4)=1; Row 4: (4,2)=3, (4,3)=4, (4,4)=2, (4,5)=9, (4,6)=5, (4,7)=8; Row 5: (5,2)=7, (5,6)=3, (5,7)=6, (5,8)=2; Row 6: (6,1)=4, (6,2)=7, (6,6)=7, (6,8)=1; Row 7: (7,4)=2, (7,6)=5, (7,8)=6. The grey shapes are: a vertical bar at (1,1), a horizontal bar at (1,4), a vertical bar at (1,5), a horizontal bar at (1,6), a vertical bar at (2,1), a horizontal bar at (2,4), a vertical bar at (2,5), a horizontal bar at (2,6), a vertical bar at (3,1), a horizontal bar at (3,4), a vertical bar at (3,5), a horizontal bar at (3,6), a vertical bar at (4,2), a horizontal bar at (4,3), a vertical bar at (4,4), a horizontal bar at (4,5), a vertical bar at (4,6), a horizontal bar at (4,7), a vertical bar at (5,2), a horizontal bar at (5,3), a vertical bar at (5,4), a horizontal bar at (5,5), a vertical bar at (5,6), a horizontal bar at (5,7), a vertical bar at (6,1), a horizontal bar at (6,2), a vertical bar at (6,3), a horizontal bar at (6,4), a vertical bar at (6,5), a horizontal bar at (6,6), a vertical bar at (6,7), a horizontal bar at (6,8), a vertical bar at (7,4), a horizontal bar at (7,5), a vertical bar at (7,6), a horizontal bar at (7,7), a vertical bar at (7,8), a horizontal bar at (7,9).
